

## IMPORTANT NOTE TO CUSTOMERS

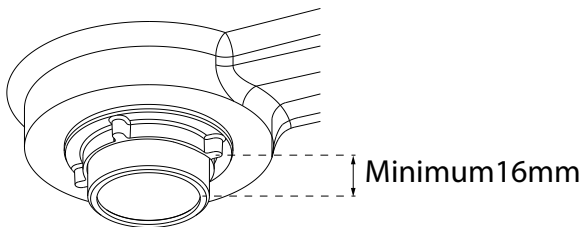

Thank-you for purchasing the Kohler Veil Freestanding Bath.

For installation of your new Veil FS bath, please refer to the supplied installation instructions.

Please disregard the note on page 5 of the installation guide pertaining to the assembly of the drain gasket, no drain gasket is supplied with this model of Veil bath.

Your Veil bath is supplied with a pop-up waste and brass adapter to enable the waste to be connected to a DN40 connector and trap for the NZ market.

Before fitting the adapter, ensure that at least 16mm of the waste body is protruding past the nut.

Ensure that watertight seals exist on all waste, adapter and plumbing connections.
